Yellow Face

Is he called Yellow Face because he's yellow? Or is it because he's always yelling? Whatever it is, Yellow Face is perpetually happy. He loves to wander off, especially when his team needs him to stay put. He also loves to promote the latest products he is selling. If someone doesn't like a product, Yellow Face becomes agitated but is determined to sell it to them anyway.

Yellow Face's sworn enemy is the No More Advertisements Foundation.

Did You Know?

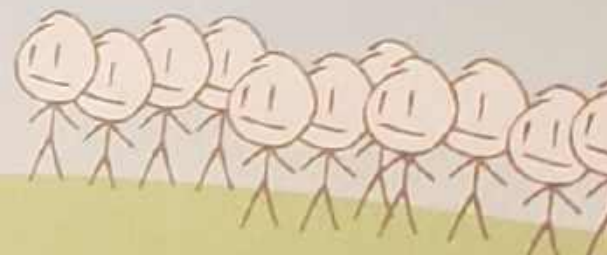

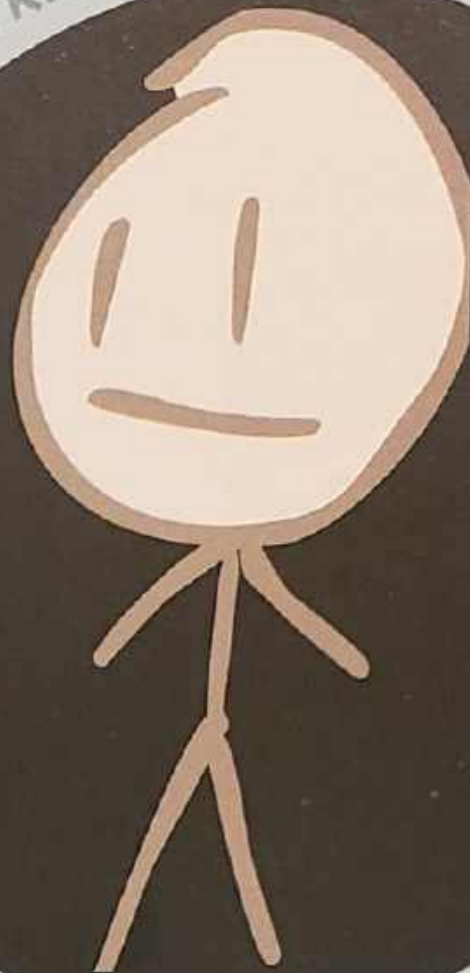

Despite endorsing them, Yellow Face has never used a Bubble Transformer, Box of Paper Slips, or Revolutionary Headphones for himself.

David

David is a human, but not like anyone you have ever met. He is allergic to sunrises, and he can duplicate his head when he sings. He's immune to bugs and to the power of black holes.

David's personality is a mystery. He is antisocial. When conflict arises, he yells out his catchphrase, "Aw seriously." David has been cloned many times, to the point that a sea of Davids has populated a region called Davidland.

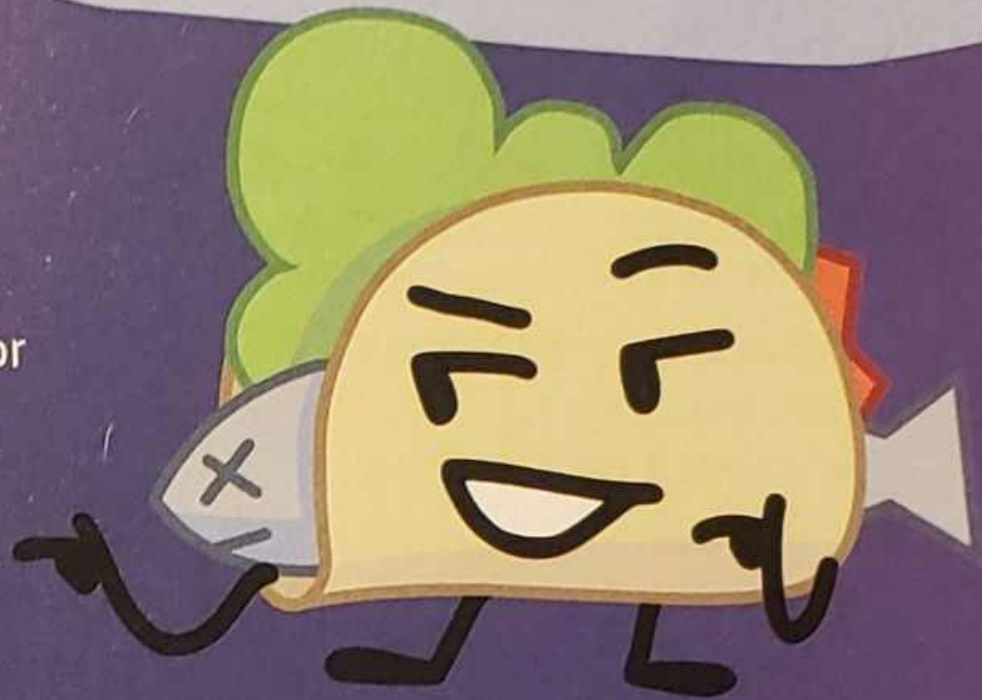

Did You Know? "NazzBliss" was the first person to mention David in a YouTube comment in February 2011, which had no explanation.

Taco

What's your favorite type of taco? Fish? Beef? Chicken? If you're a lover of fish, then Taco is the girl for you. She's a soft shell stuffed with fish, lettuce, and tomatoes.

Taco naturally acts like a leader, but that doesn't mean she's an effective one. She wants her problems resolved quickly, so she often looks for hasty solutions. This leads to her expecting too much from people she leads.

Did You Know?

Taco has an unusually high burning point, 1,000-degrees Celsius, or 1,832 Fahrenheit.

Book

Book is many books all at once! She's a dictionary, a journal, a Hand-Powered Hand-Powered Recovery Center Creator user manual, and a guidebook for IDFB.

Book and Ice Cube have formed what Book believes is an inseparable bond, as Book always protects Ice Cube. She's also formed a close relationship with Ruby, but she wouldn't go as far as to eat Ruby's yoyleberries.

In the platformer game BFDIA 5b, Book was the first character you could play as.

Did You Know?

Book is actually a copy of

Bomby

Bomby looks like an old-fashioned cartoon bomb. He's a lot like Woody, but his primary fear is exploding.

Bomby always seems to be holding a slice of cake and a banana. Don't mess with his banana, because he will get angry. Bomby doesn't speak much, and when he does, he's hard to understand because he talks quickly and his voice is very high-pitched. You could say he has a short fuse.

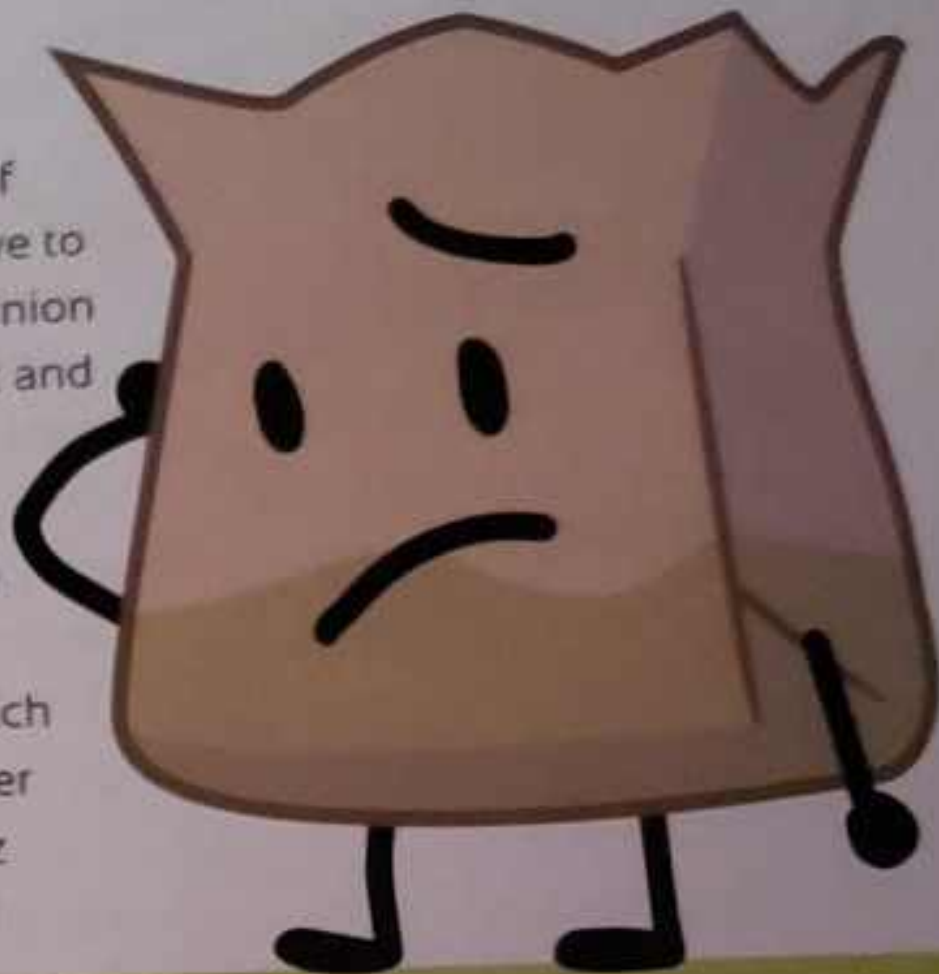

Did You Know?

Bomby's greatest fear is bowls.

Barf Bag

Imagine carrying around a bag of vomit 24/7. Barf Bag doesn't have to imagine. Barf Bag has a high opinion of herself, believing she is smart and often sensible.

Some people don't think that highly of Barf Bag, because they incorrectly believe the barf molecules pollute her brain, which makes her incredibly upset. After all, she answered a difficult quiz question for her team correctly!

Did You Know? When Barf Bag feels like throwing up, she cannot use herself to collect her barf, because that would have no effect.

You Don't Say! Teardrop has spoken as many times as Roboty's chest compartment has been opened.

Teardrop

Teardrop is a mysterious character. That's because she doesn't want to, or cannot, speak.

She can be impulsive, as she was when she kicked Woody without thinking of the consequences. She fell off a balance beam when trying to push someone else. Teardrop is also smart and competitive.

Teardrop is one of the most divisive characters, with campaigns to both keep her and eliminate her running strong in 2012. The elimination campaign won.

Ice Cube

Ice Cube is an 8 x 9 x 11 cube of ice. Like all ice cubes, she easily melts and shatters if hit hard enough. She's also very cold, which has made her a popular candidate to cool down the Tiny Loser Chamber.

Ice Cube is not physically strong and doesn't speak all that often. Yet, if someone wrongs her, she wants revenge—and gets it. One recipient of Ice Cube's recurring revenge is Leafy, who has accidentally squashed her with a bowling ball, accidentally given her an incorrectly colored sphere, and accidentally robbed her of 1,000 points due to bad Frisbee throws.

Did You Know?

Ice Cube regrets escaping the TLC because it has given her a criminal record.

Bell

Ding, dong! Bell is a metal bell made of bell metal. She even has a string to swing on, even though no one knows what it is attached to. She doesn't like when others pull it or climb on it, but believe us, many have tried. Apparently, this string can conduct electricity, because 12 characters have been zapped by Bell's string at once.

Bell is close friends with Taco, Yellow Face, and Gelatin.

Did You Know? Bell can ring at whatever note she desires.

Naily

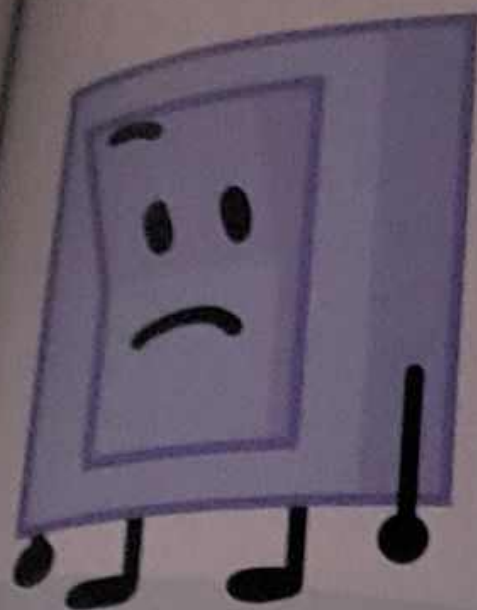

As nails are wont to do, Naily likes to spear things. Naily has pricked Woody at least twice. Naily is very self-confident and eager to participate.

Naily is fond of puns, which are a play on words. Firey Jr doesn't like that, but many recommended characters secretly appreciate it a whole lot.

Did You Know?
Every time Naily uses the pun "nailed it," she loses one friend.

at First Ice!

Liy

Naturally curious, Liy is probably one of the most adventurous characters on BFDI. She is a plastic light switch. To some, though, she is somewhat pushy. She's always trying to force others to do as she wants them to do, such as trying to get Ice Cube to wiggle Teardrop's vocal cords to get her to talk.

Liy is curious and will always look to discover new things, like what's at the top of Bell's string.

Did You Know? Liy wishes she was an empress. Then she could say "I, Empress, am pressed and am impressed" when toggled skillfully.

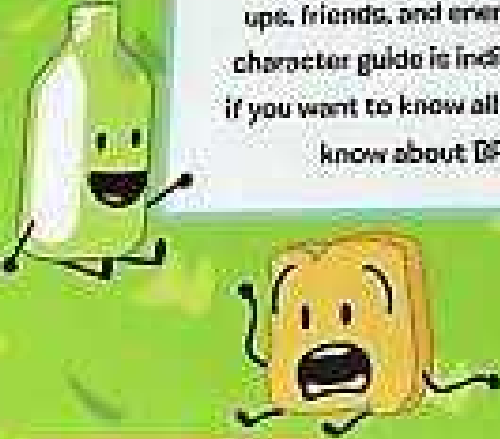

What do you get when groups of inanimate objects battle one another for the chance to live on a fictional island resort where robots wait on you hand and foot—

if you actually have hands or feet, that is? You get

Battle for Dream Island

the animated YouTube series. BFDI, as fans call it, is a raucous parade of crazy characters, each with their own personalities, hang-ups, friends, and enemies. This character guide is indispensable if you want to know all there is to know about BFDI.
